Summary

- **Java Full Stack Developer** with hands-on experience architecting end-to-end enterprise applications using **Java, Spring Boot, React.js, and MySQL**.
- Specialized in building **multi-tenant SaaS platforms**, implementing secure **Role-Based Access Control (RBAC), JWT** authentication, and strict tenant data isolation.
- Strong expertise in third-party **API integrations** and modern development practices, including **Docker, Maven, CI/CD, and Agile** delivery.

Skills

Technical Skills:	Java, Spring Boot, Spring MVC, Hibernate, JPA, RESTful APIs, MySQL, React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Data Structures & Algorithms, OOP
Tools & Methodologies:	Git & GitHub, Maven, Docker, Jenkins, Postman, Nginx, JWT / OAuth2, CI/CD Pipelines, Agile / Scrum
Domain Expertise:	Multi-Tenant SaaS CRM & ERP, Microservices Architecture, Hotel & Resort Booking Systems, Role-Based Access Control, Third-Party API Integrations, End-to-End System Architecture
Behavioral Skills:	Focused Problem-Solving, Collaborative Team Leadership, Rapid System Troubleshooting, Cost-Effective Resource Optimization

Experience

Java Full Stack Developer – Mahendra Technosoft Pvt. Ltd., Pune Aug 2025 – Present

- Own end-to-end architecture and delivery of custom, multi-tenant SaaS platforms for clients across diverse industries, translating unique business requirements into scalable systems using Java, Spring Boot, React.js, MySQL, and RESTful APIs.
- Collaborate directly with clients to scope requirements, then design modular, on-demand feature sets and role-based access systems so each client's dashboard and workflows can be independently customized.
- Deliver full-scale platforms from concept to production – including customer-facing booking/reservation flows and admin-facing management dashboards – within Agile sprints.
- Apply modular, microservices-oriented architecture, Docker containerization, and Maven-based build automation, maintaining Git-based version control across concurrent client engagements.

Java Full Stack Developer Intern – BrightLink Info Technologies, Pune Mar 2025 – Jun 2025

- Integrated Meta and Google Calendar APIs into the SalesOptimn CRM via RESTful calls, enabling automated WhatsApp marketing (individual and broadcast) and seamless calendar event synchronization.
- Delivered full-stack features using Java, Spring Boot, MySQL, and Bootstrap, contributing to core backend logic and UI responsiveness of the company's flagship CRM product.

Projects

Spicy Mango – Hotel & Property Booking Platform [View Here]
Java, Spring Boot, MySQL, React.js, JavaScript, Tailwind

- Built the Java backend from scratch and integrated the StayFlexi channel manager API to synchronize live property inventory in real time, eliminating duplicate cross-platform bookings.
- Developed a backend-driven search engine for real-time availability and location-based filtering, a reservation engine with dynamic coupon logic, and an admin dashboard for property rankings and website layout.
- Containerized backend application services using Docker and orchestrated automated notification workflows to improve user engagement throughout the booking lifecycle.

Xpertbiz – Multi-Tenant SaaS CRM [View Here]
Java, Spring Boot, MySQL, React.js, JavaScript, Tailwind

- Designed a secure, multi-tier role-based access control system (Super Admin, Client Admin, Employee, Customer) with JWT-based authentication, enforcing strict tenant data isolation.
- Built on-demand modules covering lead management, invoicing, HR, and customer support, letting each client independently customize their dashboard and feature access.
- Integrated Hibernate Envers to automate historical change-tracking and data auditing, ensuring strict compliance and transparent record-keeping across the platform.

Education

Sinhgad Institute of Management and Computer Application, Pune *2023 – 2025*
Master of Computer Applications (MCA), CGPA: 7.53

Commerce, Management & Computer Science (C.M.C.S.) College, Nashik *2020 – 2023*
BBA (Computer Application), CGPA: 7.34

Certifications

- **AWS Certified Cloud Practitioner** – Amazon Web Services [View Here] Valid until: Jul 2028
  Validation Number: 5e991f2ebae9449b986e36756fd3a436
- **Diploma in J2EE, React JS & Web Design** (Grade: A+) – TechnoLearn Training [View Here] Mar 2025
- **Git and GitHub** – ExcelR Edtech Pvt. Ltd [View Here] Feb 2024
